

The Lollipop Tool

The newest tool for quilters!

Here are 13 ways to use your Lollipop Tool:

1. **Stiletto:** Hold the ball in the palm of your hand and use the stick as an extension of your finger when sewing at the machine
2. **Temporarily, water soluble, adhesive.** Just lick it and stick it!
3. **Emergency piece of freezer paper for applique.**
4. **Thread Spindle:** Break off the stick and use as an emergency replacement on your sewing machine.
5. **Hera Marker:** Use the tool as a stylus. Draw your design on the fabric.
6. **Pressing Tool:** Leave the wrapper on if you don't want your pieces to get "sticky"
7. **Wrapper makes a great bookmark.**
8. **Safety Pin closing tool**
9. **Turny-Thing:** Use the stick to poke out the corners when you turn something right side out.
10. **Self-Defense Tool:** Walking to your car after quilt class, hold the tootsie tool in the palm of your hand with the stick sticking out. If needed, poke the enemy!
11. **Quick fix for low blood sugar!**
12. **Half Square Template:** Draw a line diagonally thru the wrapper. Lay the wrapper on 2 pieces of fabric right sides together and sew $\frac{1}{4}$ " on both sides of the diagonal line.
13. **Counter:** keep up with how many pieces you cut by licking the Tootsie Tool. You will be able to cut forever, because no one ever gets to the center of the Lollipop Tool!
